*Business is evolving and becoming more complex every day. As new mediums and communication channels emerge – and as companies begin to leverage them in groundbreaking fashion – rising above the noise becomes increasingly challenging.*

### **What's the best way to navigate? How do you Rise Above?**

In a global marketplace where disruption is the norm, Ingram Micro knows a clear vision and comprehensive strategy for Cloud is crucial. We view Cloud not just as a single technology, but as a foundational platform to run and drive a whole new way of doing business.

Join us as we tackle these challenges head-on at Ingram Micro Cloud Summit 2017 – and learn how to transform your business and Rise Above.

### **Ingram Micro Cloud Summit 2017 (April 19-21, 2017)**

Ingram Micro Cloud Summit 2017 is where technology professionals congregate to learn what's new, what's trending, and what's on the horizon in the world of Cloud Computing.

This targeted and focused three-day event is designed to help you connect with cloud service providers to see what's new on the cutting-edge of technology. Packed with unlimited networking opportunities, you'll learn to leverage our partner solutions, collaborate in ways you've never imagined, and use the Cloud to evolve and achieve new levels of success. It's your opportunity to push your business to the next level.

### **Track your success**

This year, Ingram Micro Cloud will offer attendees an integrated and flexible agenda, with more than 90 track sessions focused around a variety of centralized themes and profiles. Role-based tracks allow you to attend sessions designed for your specific needs and interests while maximizing networking and educational opportunities.

## Cloud Summit 2017 tracks include:

- **Transformational Leadership** – Transcend the hype and go beyond the buzzwords. Attendees will gain valuable insight on how to become change agents and drive new levels of success with the evolving cloud opportunity.
- **Innovation Track** – Witness real-world examples of true innovation. Focusing on case studies, industry trends, best practices and new product innovations, attendees will discover new ways to achieve innovation by pushing the envelope.
- **Education Track** – Learn why Cloud is the fastest growing segment of the technology market. Attendees of these sessions will acquire valuable knowledge on the latest tools and technologies in the Ingram Micro Cloud Marketplace that help automate and transform productivity.

## Keynote speakers who have risen above
